*The [High Level COP Champion's](#) primary responsibility includes facilitating the scaling up and strengthening of voluntary climate action by various stakeholders, both within and outside of government. They act as liaisons between governments and civil society, supporting the COP presidency in engaging diverse sectors to enhance global climate efforts

** [SB COP30 \(Sustainable Business COP30\)](#) is a global initiative launched by the Brazilian National Confederation of Industry (CNI) to strengthen private sector participation in global climate negotiations, particularly at COP30. It aims to mobilize the business sector to contribute to sustainable strategies and build a positive legacy for the COP30
