Joint Global and Australian Advisory Councils meetings

Melbourne | 5:00pm to 9:30pm | Tuesday, 6 December 2022

*(for those who are unable to attend in person,
it will be possible to join the meetings online)*

Dr Mark Cutifani

Please **Save the Date** for what will be a special occasion in the life of the Global Foundation, to be held in Melbourne on Tuesday, 6 December 2022.

To conclude our year and preview the year ahead, we will convene our AGM and a unique, joint meeting of our Global and Australian Advisory Councils, back-to-back. The meetings will then be followed immediately by a Members' Dinner, at which our Keynote Speaker will be Dr Mark Cutifani, who has recently retired as CEO of Anglo American and has since assumed the chairmanship of our Global Advisory Council. Mark will travel to Australia for the purpose.

Mark Cutifani is renowned as a global leader of the mining industry, for his continuous commitment to 'business with purpose' throughout his years at the helm of Anglo American, winning the respect of communities and markets, at the same time.

Mark's approach to business reflects the philosophy of the Global Foundation. If we are to continue to enjoy a fair, inclusive, prosperous and sustainable planet, it is both possible and necessary for business to demonstrate transformational leadership across their spheres of influence in society.

Our dinner and meetings will be kindly hosted by Foundation Key Partner, **King & Wood Mallesons** at their Melbourne offices.

Formal invitations will be sent shortly.
For now, please **Save the Date!**

Key Partners and Partners will receive multiple invitations for colleagues and guests they may care to invite. Corporate and University members may designate an alternate to represent them if they cannot personally attend.
